and Wellbeing in Swansea

PREVENTING HOMELESSNESS

Your home, your wellbeing

PLATF **FORM**

For mental health and social change

YOUR HOUSING SITUATION

If you're facing mental health challenges that are affecting your housing, or you're homeless or at risk of becoming homeless, we can work with you to improve your situation and your wellbeing.

We can work with you on preventing evictions, emergency accommodation and securing housing. This includes benefit and debt advice, budgeting, access to longer-term support and finding ways to help you improve your mental health.

WHAT'S THE NEXT STEP?

Talk to us - we can work with you on a one-to-one basis for up to twelve weeks. We'll work together to identify the cause of your housing issues, and we'll build on your strengths, skills and confidence to help you move forward.
